

March 2022

Dear Bernadette & Sloane,

This letter is a follow up to our conversation regarding the cancellation of the May 2022 Texas Classic event. As discussed, our hotel is housing the main Operations Center for the state of Texas for COVID and pandemic related response. Due to the significance of their mission they are unable to demobilize and vacate the space as pandemic response in Texas is still active.

Please accept our sincere apologies for inconvenience this causes to you and your organization. This is unfortunately out of our control and we appreciate your understanding and flexibility with the situation.

Best Regards,

James Prendeville  
General Manager
